

Eliminate Shatter Loss and Crop Bunching

The Crary Wind System fits most major brands of headers

A constant stream of high velocity air gently feeds crops back to the auger, eliminating shatter loss and crop bunching.

- ✓ 8" Crary Fan with Rotary Screen
- ✓ 8" Lightweight Aluminum Tube
- ✓ 36" and 42" Alternating Drop Tubes
- ✓ Fits on Most Brands of Headers
- ✓ Available in Sizes 15'-45'
- ✓ Standard with Electric Actuator for Fan and Air Tube Pitch Adjustment

An Air System**

The fan is driven by either a gear box or belt drive system featuring a heavy duty PTO drive shaft with slip clutch.

Also available is a combine mounted belt drive fan for some models of John Deere combines.
